Active SIP	-

## Your Top 3 Priorities

**Priority 1:** Goal Readiness (MEDIUM)

**Priority 2:** Protection (MEDIUM)

**Priority 3:** Liquidity (MEDIUM)

*Time to review this report: 15 minutes*

## Page 2: Actuals vs Ideal

### Financial Health Dashboard

Area	You	Recommended	Status
Protection - Life	Rs. 0	Rs. 1.7 L+	0%
Protection - Health	Rs. 0	Rs. 10.0 L+	0%
Emergency Fund	Unknown	Rs. 4.4 K	Assess
Equity Allocation	0%	25%-40%	Rebalance
Debt Allocation	100%	60%-75%	-
EMI/Income Ratio	83%	<40%	High

### Priority Ranking

Area	Score	Action Required
Goal Readiness	0.0/100	Immediate
Protection	50/100	Assess & Improve
Liquidity	50/100	Assess & Improve
Portfolio Health	50/100	Assess & Improve
Tax Efficiency	50/100	Assess & Improve
Debt Management	80/100	Maintain
<b>OVERALL</b>	<b>50/100</b>	<b>NEEDS ATTENTION</b>

#### When to recalculate this score:

- Quarterly review (every 3 months)
- After change in income or expenses
- After major asset/liability changes
- Before making significant financial decisions

### Advanced Risk Assessment

Parameter	Value
Calculated Score	2.2
Risk Appetite	Moderate
Tenure Limit	Moderate

Baseline Category	Conservative
Final Category	Conservative
Recommended Equity Band	25%-40% (mid 32.5%)

*Reasoning: Score 2.20 → Appetite Moderate | Tenure limit Moderate | Baseline after adjustments Conservative | Final Conservative*

## Assessment Summary

Assessment	Result
Risk Profile	Conservative
Surplus Level	Tight
Insurance Status	Underinsured
Debt Position	High
Liquidity	Insufficient
IHS Band	Needs Attention

## Page 3: Protection Gap Analysis

### Life Insurance

Parameter	Value
Current Status	No coverage
Current Coverage	Rs. 0
Recommended Coverage	Rs. 1.7 L minimum
Basis	15x annual income (with 1.3x inflation buffer)
Gap	Rs. 1.7 L

#### What to look for:

- Pure term insurance (no investment component)
- Coverage tenure until age 60-65
- Sum assured: Rs. 1.7 L minimum
- Consider critical illness rider for comprehensive protection

### Health Insurance

Parameter	Value
Current Status	No coverage
Current Coverage	Rs. 0
Recommended Coverage	Rs. 10.0 L-15L
Structure	Family floater adequate for married couple
Gap	Rs. 10.0 L

#### What to look for:

- Family floater covering both spouses
- Rs. 10-15 lakh sum insured
- Cashless facility at major hospitals
- No room rent capping (or minimum 2% of sum insured)

*Tax benefit: Premiums eligible for 80D deduction (up to Rs. 25,000)*

## Page 4: Liquidity & Emergency Fund

### Emergency Fund Assessment

Parameter	Value
Target Amount	Rs. 4.4 K
Basis	6 months of essential expenses
Monthly Expenses Used	Rs. 738
Current Status	Assess your savings account + FD balances

#### Building Strategy (if starting from zero):

- Option A (12 months): Set aside Rs. 369/month
- Option B (18 months): Set aside Rs. 246/month
- Option C (24 months): Set aside Rs. 184/month

#### Where to Park Emergency Fund:

- Tier 1 - Instant Access (40%): Rs. 1,771 in savings bank account
- Tier 2 - Quick Access (40%): Rs. 1,771 in liquid funds or sweep-in FD
- Tier 3 - Short-term (20%): Rs. 885 in short-term fixed deposits

**Priority:** Build emergency fund BEFORE investing in long-term goals

## Page 5: Portfolio Rebalancing

### Current Portfolio Analysis

Metric	Value
Current Value	-
Equity Allocation	0%
Debt Allocation	100%
Unrealized Gains	-

#### Risk Assessment:

- 0% equity allocation may be too conservative
- May not meet inflation-adjusted growth requirements

### Recommended Allocation

Current Equity	0%	Target Equity	32%
Current Debt	100%	Target Debt	68%

#### What You Control:

- Which funds/instruments to use
- When to execute rebalancing
- How to split equity vs debt within each goal
- Which goals to prioritize if all aren't affordable

## Page 6: Goal Feasibility Analysis

No goals recorded. Please add your financial goals for feasibility analysis.

### Reality Check: Your Actual Financial Situation

Monthly Income	Rs. 713
Monthly Expenses	Rs. 738
Monthly Surplus	Rs. -615
Current SIP (Already Investing)	None
Insurance Provision Needed	Rs. 3,014/month
Available for NEW Additions	Rs. 0/month (Deficit: Rs. 3,629)
TOTAL Investing	Rs. 0/month
Goal Requirement	Rs. 0/month
Coverage	100.0% of requirement

### Your Realistic Action Plan

#### Phase 1: Protection First (Months 1-6)

Before investing in goals, secure your family's protection:

- Get Term Insurance: Rs. 1.7 L cover → ~Rs. 1,168/year premium
- Get Health Insurance: Rs. 10.0 L cover → ~Rs. 35,000/year premium

*Total insurance cost: ~Rs. 36,168/year (Rs. 3,014/month equivalent)*

#### Phase 2: Goal-Based SIPs (After Insurance)

*After insurance provision, no surplus remains for goal SIPs. Focus on increasing income or reducing expenses first.*

## Page 7: Tax Optimization

No ITR data available. Upload ITR for personalized tax optimization analysis.

### General Tax Saving Opportunities

- Section 80C: Invest up to Rs. 1,50,000 in ELSS, PPF, or Tax-saving FDs
- Section 80CCD(1B): Additional Rs. 50,000 in NPS (over 80C limit)
- Section 80D: Health insurance premium up to Rs. 75,000 (self + parents)

## Page 8: Your Action Roadmap

### Timeline for Financial Actions

#### WEEK 1: Protection Assessment

- Check if you have term insurance. If yes, verify coverage is adequate. If no, prioritize obtaining term coverage. (2-3 hours)
- Check if you have health insurance. If yes, verify coverage is Rs. 10L+. If no, obtain health coverage. (1-2 hours)

#### DAY 90: Full Progress Review

- Review progress on all action items from Week 1-4 (1 hour)

#### QUARTERLY: Ongoing Review

- Recalculate Financial Health Score (15 mins)
- Check if income, expenses, or goals have changed - update plan accordingly (30 mins)
- Review portfolio allocation and rebalance if needed (30 mins)

### What This Report Contains

- ✓ Financial health assessment across 6 areas
- ✓ Protection gap analysis
- ✓ Portfolio risk evaluation
- ✓ Goal feasibility assessment
- ✓ Tax optimization opportunities
- ✓ Prioritized action roadmap

### Important Notes

- This is an educational financial plan, not personalized investment advice.
- Calculations based on standard assumptions and data provided.
- Product selection and execution are your decisions.
- Market conditions and regulations may change.
- Review quarterly or after significant life events.

**Review Schedule:**

- IMMEDIATE: Complete Priority 1 & 2 (Protection + Emergency)
- 30 DAYS: Portfolio rebalancing + Tax planning
- 90 DAYS: Full progress review
- QUARTERLY: Recalculate Financial Health Score
- ANNUALLY: Comprehensive plan update
