Your Financial *Health Report*

A comprehensive analysis across Six Critical Dimensions of your financial wellbeing - designed to help you take clear, prioritised action.

Needs Attention

- Protection needs attention
- Liquidity needs attention
- Portfolio Health needs attention

11-page analysis covering protection, portfolio, liquidity, goals, tax and action planning

Annual Income

Rs. 30.0 L

Monthly Surplus

Rs. 1.0 L

Current Portfolio

Rs. 25.0 L
Equity 90%

Active SIP

Rs. 0
Need Rs. 40,471/mo

Area	Current	Ideal	Priority
Life Cover	Rs. 50.0 L	Rs. 2.0 Cr	IMMEDIATE
Health Cover	Rs. 10.0 L	Rs. 10-15 L	UNDERINSURED
Emergency Fund	1.5 months	6 months expenses (Rs. 6.0 L)	LOW
Equity Allocation	90%	60-80%	HIGH
EMI/Income	10.0%	<40%	HEALTHY
Active SIP	Rs. 0/mo	Need Rs. 40,471/mo	HIGH
Goals Funded	0 of 2	2 of 2	HIGH

Profile at a Glance	Value
Risk Profile	Aggressive
Surplus	Comfortable
Insurance	UNDERINSURED
Debt	Healthy
Liquidity	Low
IHS Band	Needs Attention

Advanced Risk Assessment	Value
Risk Score	85
Risk Appetite	High
Tenure Limit	-
Final Category	-
Recommended Equity	60-80%

Protection		25/100	IMMEDIATE
Why it matters: Life cover gap is a critical family risk			
Liquidity		30/100	IMMEDIATE
Why it matters: Emergency fund unknown or insufficient			
Portfolio Health		35/100	IMMEDIATE
Why it matters: Equity allocation far outside your risk band			
Goal Readiness		45/100	HIGH
Why it matters: SIP shortfall across all financial goals			
Tax Efficiency		80/100	MAINTAIN
Why it matters: Potential regime saving not yet captured			
Debt Management		95/100	MAINTAIN
Why it matters: EMI/income ratio vs 40% benchmark			

Urgency: scores below 40 are IMMEDIATE, 40-74 are HIGH, and 75+ are MAINTAIN.

Life Insurance

Current cover: **Rs. 50.0 L**

Required cover: **Rs. 2.0 Cr**

Protection Gap

Rs. 1.5 Cr Cr

Monthly provision: Rs. 10,208

Health Insurance

Current cover: **Rs. 10.0 L**

Recommended: **Rs. 10-15 L family floater**

Status: **UNDERINSURED**

What to Look For

- ✓ No room rent cap
- ✓ Cashless hospital network
- ✓ Restore benefit
- ✓ Critical illness review

Prioritize pure term insurance for income replacement and a separate health policy for hospitalization risk.

What You Control

- Asset allocation is the main lever.
- Use SIPs for gradual rebalancing.
- Keep near-term goals in debt/liquid assets.
- Review fund overlap and concentration annually.

Metric	Your Value	Benchmark	Status
EMI ratio	10.0%	<40%	GOOD
Debt stress	Healthy	Healthy	HEALTHY
Monthly EMI	Rs. 25,000	Lower is better	GOOD
Debt score	95/100	>=75 = Good	MAINTAIN

Parameter	Value
Liquidity score	30/100
Months on hand	1.5
Monthly expenses	Rs. 1.0 L
Target	Rs. 6.0 L
Status	Low

Build emergency fund BEFORE investing in long-term goals.

Option	Duration	Monthly Amount
Fast	12 months	Rs. 50,000
Balanced	18 months	Rs. 33,333
Gentle	24 months	Rs. 25,000

Tier	Where to Park
Instant	Savings account for first 1-2 months
Quick	Liquid fund or sweep FD
Short-term	Short-duration FD or high-quality debt fund

GOAL FUNDING ANALYSIS

06

GOAL FEASIBILITY

Goal	Target	Horizon	Current SIP	Ideal SIP	Gap/mo	Coverage
Emergency Fund	Rs. 6.0 L	- yrs	Rs. 0	Rs. 29,931	Rs. 0	100%
Child Education	Rs. 50.0 L	15 yrs	Rs. 0	Rs. 15,502	Rs. 0	100%
Car Purchase	Rs. 10.0 L	3 yrs	Rs. 0	Rs. 24,969	Rs. 0	100%

Combined monthly SIP shortfall: Rs. 40,471

07

CASH FLOW & SIP PLAN

Income/mo

Rs. 2.5 L

Expenses

Rs. 1.0 L

Surplus

Rs. 1.0 L

Insurance

Rs. 10,208

For Goals

Rs. 89,792

Total Goal Requirement: Rs. 40,471/month | Coverage: 222%

Goal	Required SIP	Allocated SIP	Monthly Gap	Status
Emergency Fund	Rs. 29,931	Rs. 29,931	Rs. 0	FUNDED
Child Education	Rs. 15,502	Rs. 29,931	Rs. 0	FUNDED
Car Purchase	Rs. 24,969	Rs. 29,931	Rs. 0	FUNDED

Key Insight: You have a strong monthly surplus but need to channel it towards your goals and insurance gaps.

REGIME COMPARISON

08	TAX OPTIMISATION
----	------------------

Scenario	Old Regime	New Regime	Better
Current	Rs. 6.7 L	Rs. 6.0 L	New
Max Deductions	Rs. 6.4 L	Rs. 6.0 L	New

Potential annual saving: Rs. 70.2 K

#	Action	Why	How / Note
1	Switch regime	Choose the lower tax outcome while filing.	Inform employer before April; applies from new FY
2	Maximise employer NPS	Useful deduction where available.	Up to 14% of Basic via Section 80CCD(2)
3	Hold equity >1yr	Improves LTCG treatment and reduces churn.	Avoid redemptions before 12-month mark
4	Claim standard deduction	Ensure salary deduction is included.	Confirm with payroll / CA before filing

Phase 1: Months 1-6

- Term Insurance: Rs. 8,750/mo
- Health Insurance: Rs. 1,458/mo
- Emergency Fund + Goal SIPs: Rs. 89,792/mo
- Surplus after insurance: Rs. 89,792/mo

Phase 2: Month 7+ Goal SIPs

Goal	Allocated SIP	Required SIP
Emergency Fund	Rs. 29,931	Rs. 29,931
Child Education	Rs. 29,931	Rs. 15,502
Car Purchase	Rs. 29,931	Rs. 24,969

Milestone	Action	Time
Week 1	Confirm insurance gaps and quote term/health cover.	(2-3 hrs)
Week 2	Set emergency fund target and automate transfer.	(1 hr)
Week 3	Map current portfolio to recommended equity band.	(1-2 hrs)
Week 4	Finalize SIP allocation by priority.	(1 hr)
Day 90	Review progress and update surplus.	(45 mins)
Quarterly	Recalculate score and rebalance if needed.	(1 hr)

Trigger	Recalculate When
Income changes	Salary, business income, or bonus changes materially.
Expense shift	Rent, school fees, lifestyle costs, or EMIs change.
New goal	A major purchase, child education, or retirement target changes.
Life event	Marriage, child, dependents, job loss, or relocation.
Portfolio move	Large redemption, inheritance, or asset purchase.
Tax law	Budget or tax-regime rules change.

Review	Action
Immediate	Close protection and liquidity gaps.
30 days	Set SIP and emergency fund transfers.
90 days	Check execution against this plan.
Quarterly	Refresh score and cash-flow numbers.
Annually	Rebuild assumptions and tax plan.

What This Report Contains

- ✓ Health score
- ✓ Financial snapshot
- ✓ Portfolio risk
- ✓ Liquidity plan
- ✓ SIP allocation
- ✓ Action roadmap
- ✓ Dimension scores
- ✓ Protection gap
- ✓ Debt status
- ✓ Goal feasibility
- ✓ Tax comparison
- ✓ Review schedule
